MORE ABOUT ME

PROFILE

As a dedicated computer programming student, I have a keen interest in web development. Proficient in Java, Python, COBOL, HTML5, CSS3, and JavaScript, along with expertise in networking, cybersecurity, and database management, I am eager to drive innovative web solutions and deliver exceptional results. Seeking a challenging position in web development, I aim to leverage my diverse skill set to contribute effectively to projects and continue learning and growing in the field.

SKILLS

Programming Languages:
Java, Python, COBOL, SQL, JavaScript, and PHP.

Web Technologies:
HTML5, CSS3, JavaScript, React.js, Node.js, Express.js

Database Management: SQL, MongoDB

Operating Systems:
Linux (Ubuntu, CentOS), Windows

Tools: Git, Docker, VS Code, Eclipse, IntelliJ IDEA

Soft Skills: Problem-solving, Teamwork, Communication

EDUCATION

Algonquin College – Computer Programming

May 2022- April 2024

I am pursuing a Diploma of Computer Programming at Algonquin College and am set to graduate in April 2024. Throughout my coursework, I have gained valuable insights into web development fundamentals, database management systems, networking, and cybersecurity principles. My educational background has equipped me with the knowledge and skills necessary to excel in the field of web development.

EXPERIENCE

Algonquin College – IT Support

January 2023 – May 2023

During my internship at Algonquin College's IT Support, I collaborated with developers to build and maintain web applications, ensuring adherence to coding standards and best practices. I actively contributed to troubleshooting and debugging tasks, leading to improved performance and user experience, while also participating in code reviews and offering constructive feedback.
